| Information/allegations | <p>On 06.02.2021, one Text Removed - Human Resource deployed in Text Removed - Operational Area performed a COVID-19 test due to the fact that on 03.02.2021 he was feeling quite sick and he didn't attend the day shift on 04.02.2021 and the night shift on 05.02.2021. He didn't received immediately the result of the test. Due to the fact that he was feeling better (without any clear COVID-19 symptoms) he informed Text Removed - Human Resource that he can attend the day shift planned on 08.02.2021 without any problem. During the shift around 11:00 he received an email from the laboratory with result of test: he has been found POSITIVE against COVID-19.</p> |
| Measures/actions taken | <p>The colleague found positive to the virus was immediately put in self isolation. Moreover, one additional Text Removed - Human Resources</p> |

who had a direct contact with the infected Text Removed - Human Resource was put in self-isolation as precautionary measure. Both colleagues are fully supported by Text Removed - Human Resource in the area for any their needs.

Text Removed - Reporting Tools was informed by Text Removed - Reporting Tools.

Assessment

Final outcome

Personal data

The positive Text Removed - Human Resources underwent 10 days of quarantine, with the end date 18th of February. The other Text Removed - Human Resources was isolated for 14 days until 21st of February. Both Text Removed - Human Resources had no clinical symptoms during that time and are back performing their duties. After that isolation period, colleagues restarted operating in shifts.

OIS Text Removed - Human Resources
- Request for re-accommodation of all Text Removed - Human Resources
accommodated to the Text Removed - Operational Area
- Recommending to delete hotel from the list of FX recommended hotels in
Albania

Assessment

The incident has to be treated as a violation of the rental contract closed
between Frontex and the hotel. In addition, there is a suspicion of fraudulent
behavior by the hotel owner. Finally, the incident must be seen as critical
security risk.
