

Martek Aviation: Maritime Surveillance

Martek Aviation: What You Get

BiW

Martek Aviation operates at the premium end of the market; offering unique propositions to our clients. We absolutely will not compromise on quality; be it safety, technology, systems or our people. Martek Aviation is totally committed to giving you the Best in World service and is recognised as the market leader in this respect.

Exclusive Packages

It is testament to the strong relationship and trust that our best in world OEM partners place in Martek Aviation that many have awarded us exclusivity to operate their platforms and payloads. Martek Aviation is therefore the only providers able to offer the best systems in the world that you need to get the results you demand.

Partnership

We believe that we are in partnership with our clients. Indeed, our goals are to help you achieve your desired outcomes. You can be assured that you are in safe hands with our team of lifelong experienced aviators. Together we will make this journey the start of an amazing success story.
