主题: Fintech and Internet Finance meeting

Dear [REDACTED]

you must be incredibly busy with the preparations for the upcoming dialogue. Allow me one question nevertheless:

Next Thursday there will be a meeting between your deputy governor [REDACTED] and our deputy [REDACTED] together with Mr. Hufeld, head of BaFin and [REDACTED] who is the responsible DG for financial regulation in the German MoF.

Do you think it would be possible for [REDACTED] to stay behind after the meeting and have a talk over lunch with a colleague responsible for fintech regulation or internet finance? You mentioned PBoC would like a fintech agreement so there should be some interest from your side as well. [REDACTED] is not interested in a high-level talk but rather in an informal meeting to discuss the state of affairs in China and Germany over lunch.

Thank you for checking and see you Friday at the latest.

[REDACTED]
