2	Operational area	The non-disclosed parts refer to details of the operational area and cannot be released. As ongoing operations tend to cover similar operational areas as the operations conducted in preceding years, disclosing details of previous operational areas would be tantamount to disclosing the current state of play. This would provide smuggling and other criminal networks with intelligence, enabling them to change their modus operandi, which would ultimately put the life of migrants in danger. Consequently, the course of ongoing and future operations of similar nature would be hampered by depriving the operations of any strategy and element of surprise, ultimately defeating their purpose to counter and prevent cross-border crime and unauthorized border crossings. In this light, the disclosure of documents containing such information would undermine the protection of the public interest as regards public security in the sense of Article 4(1)(a) first indent of Regulation (EC) No 1049/2001 .
