Ref: Contract Number: Framework Service Contract EMSA/2018/OP/6/2018.LOT1-4

Subject: Update of QRT/NRT capability and coverage

Dear Mr [REDACTED]

We would like to inform that [REDACTED], the third ranked contractor under Lot-1 of the Framework Contract in reference, requested the following update to the QRT/NRT coverage areas:

- [REDACTED]
- [REDACTED]
- [REDACTED]

The update consists of adding QRT/NRT coverage areas in areas that currently do not have QRT/NRT coverage for the same satellite/constellation by another contractor ranked lower in the cascade in the same Lot of the Framework Contract in reference in accordance with Annex B.02 "Tender Specifications" of the above-mentioned FWC, section 2.5 QRT/NRT capability and coverage. This section states:

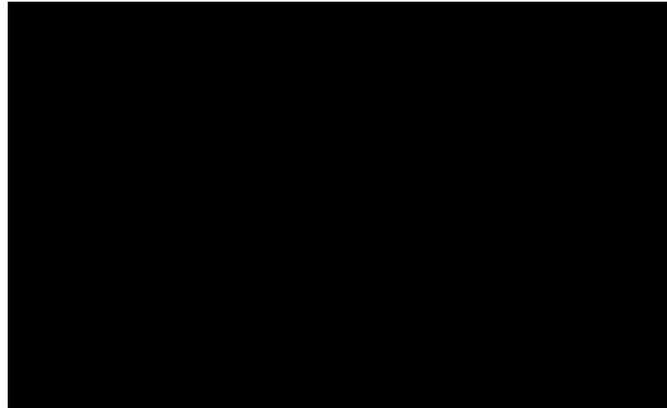

"(...) The QRT/NRT coverage areas may be updated by Contractors only in areas that do not have QRT/NRT coverage for the same satellite/constellation by another contractor ranked lower in the cascade in the same Lot. Updates under these conditions shall abide the following rules:

- *They can only be done one year following the signature of the FWC and on a yearly basis (formally accepted at the Annual Review Meeting);*
- *Updates will only be considered in view of capabilities that are existing at the time of the update;*
- *In case two providers submit updated coverage areas, for formal approval at the same Annual Review Meeting and for the same region, priority will be given to the highest ranked provider in the cascade mechanism;*

- *Updated areas will only be considered for service ordering after formal acceptance by EMSA and following respective technical acceptance tests. (...)* “

Acceptance tests are not yet finalized, and all the Lot-1 contractors will be formally informed when this new capability is validated and accepted by EMSA.

Yours sincerely,
