The evaluation also found that the EGF generated European added value. This is particularly true in terms of its volume effects, meaning that EGF assistance not only increases the number and variety of services offered, but also their level of intensity. Moreover, EGF interventions have high visibility and demonstrate the EU added value of the intervention</p>

<sup>35</sup> Managing authorities are to establish a system that records and stores individual participant data in computerised form. The data processing arrangements put in place by the Member States are to be in line with the provisions of Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, and repealing Directive 95/46/EC (OJ L 119, 4.05.2016, p. 1), in particular Articles 4, 6 and 9 thereof. Data reported under the indicators marked with \* are personal data according to Article 4(1) of Regulation (EU) 2016/679. Their processing is necessary for compliance with the legal obligation to which the controller is subject (Article 6(1)(c) of Regulation (EU) 2016/679).
