The proposed Regulation is part of the package of proposals linked to the MFF 2021-2027 and therefore dependent on the outcome of the horizontal negotiations. Pending these, the reference amounts in Article 6 are put within square brackets. Other provisions of the draft NDICI Regulation appear in square brackets due to their inclusion in the draft Negotiating Box set out in ST 10010/19. All provisions which appear between square brackets are excluded from the Council negotiating mandate at this stage. Moreover, other provisions, on which the discussions are ongoing have been deleted, as they do not form part of the Council partial negotiating mandate. Provisions related to the participation of non-EU countries have not been amended due to the horizontal nature of such provisions.
