Hi [REDACTED]

I just got off the phone with [REDACTED] right now - I'll share our discussion here:

Unfortunately given the studio schedule and the schedule of the Vice-President we will need to reschedule the recording for tomorrow, sometime between 12:45-13:30, most likely from 12:45.

If you are able to make it then, he will send you a webex link in the next couple of hours and asks if you could join from 12:30. The VP would record the Keynote first and then the technicians would bring you in the call for the questions side.

I'm sorry this is putting strain on your schedule, [REDACTED] - would you be able to make that interval?

Many thanks,

Take care,

[REDACTED]

Hi [REDACTED]

Please meet cced our moderator, [REDACTED] at the Alfred Landecker Foundation - and [REDACTED] at the European Union of Jewish Students.

You can send him the details for tomorrow, 13:15-13:30: [REDACTED]

I've explained that the time is fully inflexible and very tight, and have shared the two questions I've shared with you. In case he suggests any edits I thought it best that you are directly in touch, but explained that they shouldn't change too much.

I imagine the VP would record her statement and then [REDACTED] would start with something like:

"Vice-President Jourova, thank you very much for speaking with us today. You have been working closely on issues of disinformation and conspiracies, and along with the entire Commission are engaged in seeing through the Digital Services Act and ensuring its human centered approach. In the previous Commission you've spearheaded the Code of Conduct for IT companies."

and then jumping straight into the 2 questions.

Let me know if this sounds about right.

Take care and many thanks,

Webinar with Keynote of VP Jourova

Dear [Redacted]

Following our calls today I would like to summarise the plan:

- Recording Tuesday at 13:15 – 13:30
- To set up the 'live' enviro for the two questions we need the email address /phone number of the journalist by latest Monday 15:00
- We and studio will set up the Cisco Webex video call with the journalist
- The questions stay as outlined in your note
- Please notify the journalist of a very tight schedule on the day
- Let's hope it all works out

My best

Webinar with Keynote of VP Jourova

Hi [REDACTED]

Thank you very much for the calls!

To summarize our discussion: we would aim to have the live webinar on Wednesday the 21st of October, 16:30, with a prerecorded intervention from VP Jourova. The pre-recording would be a statement and a small interaction - 1, 2 - questions from the moderator. We would try to accommodate the VPs schedule for pre-recording.

Please see attached the concept note as it stands now, with the confirmed speakers and one TBD. I have included at the end a section with suggested points/angle for VP Jourova to address.

I couldn't get ahold of our moderator straight away, but included two questions from my side that I thought could fit - but I would need to see with the journalist for full confirmation.

I hope this is useful for now and looking forward to hearing from you on whether this works!

Best,
