

BTO RV meeting with Orange's [REDACTED] – 3 May 2022 – 15:45 -16:45

Participants:

Orange: [REDACTED] Personal data
[REDACTED]

CNECT: Roberto Viola, Thibaut Kleiner, [REDACTED] (B1), [REDACTED] (B5),
[REDACTED] (E1), [REDACTED] (E2), [REDACTED] Note taker: [REDACTED] (B1)

Main topics discussed:

- [REDACTED] Protection of the decision making process
- Market situation in the EU - business profitability for telecom operators; regulatory approaches by national regulatory authorities; regulated prices of copper products during the transition from copper to fibre; Weighted Average Cost of Capital
- OTTs' Fair contribution to telecoms network's costs
- eCall
- Support for innovation and investments in secured and international connectivity

Operational conclusions

- [REDACTED] Protection of the decision making process
- On transition from copper to fibre technologies, a meeting at technical level (directorate B) was proposed to discuss the details
- On OTTs and fair share, CNECT will closely examine the issue, also based on several reports recently published
