### Details

Information/allegations	<p>On 23 November, Text Removed - Human Resources for Greece informed the Text Removed - Reporting Tools that a Text Removed - Human Resources deployed to Text Removed - Operational Area (Greece) in the frame of JO Focal Points Land was tested preventively against COVID 21 November. The test result was confirmed to be positive. The Text Removed - Human Resources did not have any symptoms.</p> <p>On 24 November, Text Removed - Human Resources had a fever, and to avoid any complications, he visited the local Emergency Centre. Different tests were performed, and the final decision of the doctors was that the Text Removed - Reporting Tools should continue with home self-isolation, and an antibiotic medication was prescribed.</p>
-------------------------	--

	<p>On 25 November 2021, the Text Removed - Reporting Tools was admitted to the hospital for further examination. According to the final decision of the doctors, the Text Removed - Human Resources will stay for 3-4 days in the hospital.</p> <p>On 29 November, Text Removed - Human Resources was still in hospital, and his condition was not stable. He needs more prolonged treatment.</p> <p>On 05 December the Text Removed - Human Resources was discharged from the hospital. He will remain in quarantine according to the instructions of the doctors until 12 December2021.</p>
Measures/actions taken	<p>Text Removed - Human Resources, Text Removed - Human Resources for Greece, and the Text Removed - Reporting Tools constantly contact Text Removed - Human Resources. He has full support from the deployed Text Removed - Human Resources and Text Removed - Reporting Tools.</p> <p>Text Removed - Reporting Tools was informed.</p>
Assessment	<p>Since the Text Removed - Human Resources is 4days in hospital and his condition is not stable, the SIR is initiated. It will be closed after the Text Removed - Human Resources is released from the hospital</p>
Final outcome	<p>Text Removed - Human Resources was discharged from the hospital in good health condition. He will remain in quarantine according to the doctors' instructions until 12 December 2021. He will resume working on shifts as of 13 December.</p>

### Details

Information/allegations	On 20/11/2021 Text Removed - Reporting Tools, Text Removed - Human Resources realized to have lost his magazine with 7 bullets inside. According to his assessment, the loss would have happened when running after a group of migrants apprehended by his patrol near Text Removed - Operational Area, at Text Removed - Reporting Tools of the same day.
Measures/actions taken	The patrol was tasked to return to the presumed area of loss, and they searched for the lost equipment unsuccessfully until dark. Text Removed - Human Resources involved immediately informed Text Removed - Human Resources about the loss of the magazine with the bullets. At the same time, the Text Removed - Human Resources was informed to arrange check in the local armory

	with no success. Text Removed - Reporting Tools also informed.
Assessment	The magazine was obviously accidentally lost while performing normal police duties and chasing after group of migrants without acting intentionally or with gross negligence
Final outcome	Given the case, all Text Removed - Human Resources deployed in the frame of JO Albania Land 2021 were sensitized by Text Removed - Human Resources to regularly check their personal equipment also while patrolling. The proper handling of personal equipment will be included in the Text Removed - Reporting Tools during upcoming staff rotation periods. On 08/12/2021 Text Removed - Reporting Tools proposed to close the SIR.

### Details

Information/allegations	<p>Based on the preliminary information received from Text Removed - Human Resources) on 12th November at Text Removed - Reporting Tools</p> <p>On 12.11.2021, at Text Removed - Reporting Tools, at the location Text Removed - Operational Area on the road connecting Text Removed - Operational Area Vehicles and persons involved</p> <ol style="list-style-type: none"><li>1. Text Removed - Technical Equipment (MS property), driver Text Removed - Human Resources, codriver - Text Removed - Human Resources (seating on the front right seat), Text Removed - Human Resources seating on the back seat, right side, behind codriver</li><li>2. Mercedes E class, silver colour, plate number NIK driving immediately in front of Vehicle no 1; this vehicle was in the general kinetic picture of the accident,</li></ol>
-------------------------	--

but no damages occurred; driver unknown; the vehicle didn't stop at the scene of the accident.

3. Mercedes Vito, blue/grey colour, (8+1 seats); driver- Albanian resident, name NIK, accompanied by other 8 passengers (personal details NIK), driving in front of vehicle no 2 at very low speed velocity close to the right side of the road surface.

Only vehicle 1 and vehicle 3 were involved in the collision.

While in approved day off by Text Removed - Human Resources Text Removed - Human Resources together with Text Removed - Human Resources and Text Removed - Human Resources were driving on the Text Removed - Operational Area, in the way from Text Removed - Operational Area to participate at the approved Meeting at the Text Removed - Reporting Tools in Tirana.

The dynamic of the car accident:

- While driving the vehicle no 1 in the direction coming from Text Removed - Operational Area at the location Text Removed - Operational Area Text Removed - Human Resources Text Removed - Personal Data observed that vehicle no 2 suddenly braked as the result of the fact that the vehicle no 3 was suddenly engaging in left side turning manoeuvres without indicating the intentions to do so.
  - Therefore, vehicle no 2 suddenly braked, and steered to the right side of the road lane towards the verge of the lane.
  - Text Removed - Human Resources suddenly engaged the breaks and, as a safety measure, steered towards the left side of his road line, crossing into the opposite road line.
- Because the vehicle 3 was already engaged in left turning manoeuvres, the vehicle 1 entered in collision with vehicle no 3 (vehicle no 1 hit with the front right side the left side of vehicle no 3).
- As a result, the vehicle no 1 slightly hit a tree on the opposite side verge of the road line. The vehicle no 3 went out of the road surface didn't collide with any obstacles; stopped on the high vegetation.

There were no side victims.

Albanian Traffic Policeman came on the spot at Text Removed - Reporting Tools hours and started the investigation which finished on 12.11.2021 at Text Removed - Reporting Tools

Breathalyser test results

Text Removed - Human Resources the driver of HUN PC (H) performed two times a breathalyser test at Text Removed - Reporting Tools in the presence of the Albanian Traffic Police present on the spot investigating the case and there was indicated 0,00 mg l alcohol presence.

The ALB driver involved in the accident didn't perform any breathalyser test in the presence of the Albanian Traffic Police on the spot. It was performed at a later stage, indicating 0,00 mg l alcohol presence.

Injured persons:

2 Text Removed - Human Resources were transported by Albanian ambulance to the Text Removed - Reporting Tools Emergency Unit, where they received specific medical treatment. According to the medical personnel in charge:

1. Text Removed - Human Resources front head opened wound approx. 4-7 cm length - sutured by the surgeon and treated; front tooth slightly broken (less than 1/4 of one tooth lost). According to the verbal info received from the

Physician at the Emergency Unit Text Removed - Reporting Tools there are no other indicators of additional head/ body/ eye trauma  
2. Text Removed - Human Resources left eyelid with visible trauma - surgeon treated the eyelid (approximately 1 cm length suture); right cheek bruise - minor; lower lip trauma (minor). According to the verbal info received from the Physician in charge at Emergency Unit Text Removed - Reporting Tools there are no other indicators of additional head/ body/ eye trauma

Albanian driver of vehicle no 3 was transported to the Emergency Unit Text Removed - Reporting Tools According to the primary info received from Traffic Police Korçe he is in good health status and they are waiting for additional medical reports.

The passengers (8 people) accompanying the driver- no injuries according to the primary info received from Text removed - Reporting Tools

Status of the vehicles involved:

1. Text Removed - Technical Equipment (MS property) was transported by a recovery truck to Police Station Korçe for further examinations/ investigations. Registration papers were remaining with Traffic Police representatives.
2. Mercedes Vito, blue/grey colour, was also removed from the scene of the accident.

Damages of the vehicles according to our primary assessment and visual inspection:

1. Text Removed - Technical Equipment
  - Front right-side wing and bumper damaged; no specific info about the suspension and traction mechanisms status
  - The bonnet damaged
  - Front right head lamp and fog lamp damaged
  - Airbags were activated ( driver and codriver)
2. Mercedes Vito (ALB), complete left side damaged
  - Left side body of the vehicle damaged/ scratched
  - Left front driver door damaged
  - Front driver window broken

Measures/actions taken

- JO Albania Land 2021 Text Removed - Reporting Tools and Text Removed - Human Resources were informed immediately; a preliminary Text Removed - Reporting Tools was released on 12.11.2021 at Text Removed - Reporting Tools by Text Removed - Human Resources; an updated version delivered at later stage
- Text Removed - Human Resources as well as Text Removed - Human Resources were informed;
- Text Removed - Human Resources was present on the spot supporting at the Text Removed - Reporting Tools
- Text Removed - Human Resources keeping update and close monitoring of situation requested Text Removed - Human Resources to constantly inform Text Removed - Reporting Tools on the current situation and any development for the colleagues' health.
- Text Removed - Human Resources in OA FOA KIL in support of Text Removed - Human Resources from Text Removed - Reporting Tools side.
- The current situation (at time of reporting) can be assessed as positive. Only one Text Removed - Human Resources is remaining with broken tooth under to be treated.
- Text Removed - Reporting Tools informed Text Removed - Human Resources on 27.11 and inserted SIR update into Text Removed - Reporting Tools on 28.11.2021 Text Removed - Reporting Tools about the following :
  - On 26/11/2021, prosecutorial investigation with reference to above mentioned incident was conducted at Text Removed - Reporting Tools
  - Since none of injured persons involved neither wanted to file complaint against driver Text Removed - Personal Data nor they wanted to prosecute him, case

	<p>will be closed after the hearing. The prosecution is not convicting anyone of the accident.</p> <p>- Entire Hungarian contingent will leave OA as planned after Text removed - Reporting Tools since lawyer was authorized for receiving and for signing documents needed.</p>
<p>Assessment</p>	<p>Text Removed - Human Resources involved were receiving specialized treatment of Text Removed - Reporting Tools According to the verbal info received from the Physician in charge at the Emergency Unit of Text Removed - Reporting Tools, there are no other indicators of additional head/ body/ eye trauma.</p> <p>Text Removed - Human Resources, Text Removed - Human Resources, Text Removed - Human Resources will resume the patrolling activities as the medical prescriptions are indicating fit to work status.</p> <p>Text Removed - Human Resources vehicle made Text Removed - Technical Equipment will be shared between Text Removed - Human Resources and Text Removed - Human Resources members as they are operating in different shifts.</p> <p>Additional information from Text Removed - Human Resources on 13.11.2021 Text Removed - Reporting Tools</p> <p>First Text Removed - Human Resources suffered injuries to the upper eyelid of her right eye and to the top of her mouth. The injuries were treated properly and on time at Text Removed - Reporting Tools The treated wounds heal properly and those are not infected. There is no loss of consciousness or disturbed behavior. Furthermore eyes are not damaged in any way, she sees perfectly with her eyes!</p> <p>Second Text Removed - Human Resources suffered an injury on her forehead, where her skin cracked on a 3-4 cm long part, and a quarter of her middle tooth was broken. The injury on her forehead was properly and timely treated at Text Removed - Reporting Tools The wound heals properly, it is not infected. There is no memory loss, unconsciousness, or confused behavior. Reconciliation of the broken tooth is still ongoing.</p> <p>Third Text Removed - Human Resources did not suffered any injuries at all.</p> <p>Additional Information 27.11.2021 Below declaration to the Text Removed - Reporting Tools from the Text Removed - Human Resources: Update on the SIR about the prosecutorial investigation, that happened on 26.11.2021 at the Text Removed - Reporting Tools There were Text Removed - Human Resources, a lawyer, an Text Removed - Human Resources (name unknown) and an Text Removed - Human Resources working for the prosecutor at the Text Removed - Reporting Tools</p> <p>The interview started at Text Removed - Reporting Tools At the Text Removed - Reporting Tools the two Text Removed - Human Resources had to make a statement about what they remember about the traffic accident. The two Text Removed - Human Resources made the statement, that they can't remember anything, both of them were using their mobile phones, they just heard a big bang, and after that they were in shock because of the accident and their injuries. They remember only the medical care at the Korca Hospital.</p> <p>The Text Removed - Human Resources asked whether they wanted to prosecute or to initiate damages proceedings against Pol. The answers of the two Text Removed - Human Resources were NO. After the statements, the police officer finished the document of the declarations, and he printed the documents. The interpreter translated the entire document into English perfectly, correctly, in the form of the original, and she read it to the two colleagues. After the two colleagues made sure that the statement contained what they had said, they signed the document in the presence of the lawyer, the interpreter,</p>

	<p>and the Text Removed - Human Resources who prepared the document.</p> <p>Text Removed - Human Resources then informed us that the case would be closed, and no one could be prosecuted during the prosecution investigation. The case will be closed by Text Removed - Human Resources. The prosecution is not convicting anyone of the accident. The lawyer and the police officer informed us that the official documents for the entire prosecution procedure would not be available until January.</p> <p>As the entire Text Removed - Human Resources contingent will leave the FRONTEX operational area in Albania on 01.12.2021, we have authorized the lawyer to sign any documents made after our leave. The broken Text Removed - Technical Equipment (MS property) will be transported back to Hungary after 01.12.2021. The lawyer will take the key and the registration of the Police vehicle by the Text removed - Reporting Tools, and he will hand over those to the tow truck driver. By the information of the Text removed - Reporting Tools, after the end of the investigation the vehicle can stay at the Text removed - Reporting Tools parking area.</p>
Final outcome	<p>On 26/11/2021, a judicial investigation was conducted at the Text Removed - Reporting Tools in reference to the car accident. Since none of the injured persons involved intended to charge the driver or prosecute him, the case will be closed after the hearing. The Text Removed - Reporting Tools did not convict anyone for the accident. The entire Hungarian crew will leave the operational area on 01/12/2021; the lawyer has been authorized to receive and sign all the necessary documentation that would be produced during after the hearing. Text Removed - Reporting Tools proposed to close the SIR after the official Prosecutor's Notice is submitted (most likely in January 2022).</p>

Information/allegations	<p>According to the schedule / <i>technical equipment</i> performed its operational flight over <i>modus operandi / law enforcement</i>          Text Removed - Operational Area in order to complete LTU-BLR border surveillance for suspicious activities.          During this flight, the I offered air support in searching for 4 migrants and the crew detected and were observing the migrants in the area of Text Removed - Operational Area in Lithuania. The search had to be stopped due to the fuel left to the aircraft.</p>
-------------------------	---

	<p>to the Police). The value of the Apple iPad mini 4th series device is about € 600 (she doesn't have the receipt as it was bought about eight years ago). Both devices contained multiple personal data also relating to work, but she proceeded to initialize the device remotely and also entered a password for the notes containing more sensitive data. She also managed to secure her Apple ID by changed to prevent unwanted access to her data.</p>
Measures/actions taken	<p>Immediately after she reported the case to the Hotel Reception. Hotel staff called the Police and the check of the records from the surveillance cameras and the computerized access system to the room using a magnetic card was performed.</p> <p>Subsequently the Police went to her room and carried out the surveys both in the corridor and in the room, taking photographs and videos to verify the facts on the crime scene.</p> <p>Text Removed - Human Resources submitted an official complaint in this regard and was informed in case of any news about the alleged thief, Police will contact her.</p> <p>Text Removed - Human Resources informed also Text Removed - Human Resources and Text Removed - Human Resources who passed info to Text Removed - Human Resources</p> <p>Text Removed - Human Resources called her to gather the info from the source and asked Text Removed - Human Resources to draft a detailed report.</p> <p>Text Removed - Human Resources sent an Text Removed - Reporting Tools to Text Removed - Human Resources with request to provide Text Removed - Human Resources any available support.</p> <p>After receiving the report Text Removed - Human Resources forwarded it to Text Removed - Human Resources</p>
Assessment	<p>Since the value of the stolen items is relatively high and the final result of the Police investigation is unpredictable the Text Removed - Human Resources has been launched.</p> <p>Text Removed - Human Resources will monitor the case.</p> <p>Full Text Removed - Human Resources report attached to the SIR.</p>

### Details

Information/allegations	<p>On 26.10.2021 at Text Removed - Reporting Tools Text Removed - Human Resources went for a walk with her Text Removed - Human Resources. They were out until about Text Removed - Reporting Tools and then went back to the hotel rooms. As soon as she entered the room, she realized that there was no longer her Mac Book Pro and Apple iPad that she had left on the desk. However two iPhone cell phones that she had left also were still there.</p> <p>From the vision of the cameras, the Police was able to verify that a man had entered the room at Text Removed - Reporting Tools that probably had not been properly closed. The same reported that most likely they had recognized the subject as a prejudiced.</p> <p>The value of the 13 "MacBook Pro laptop is € 1650 (copy of the receipt provided</p>
-------------------------	--

Measures/actions taken	<ul style="list-style-type: none"> <li>- Text Removed - Reporting Tools are performing searches along the border</li> <li>- Text Removed - Reporting Tools were immediatly informed and they are also involved in the search on Serbian territory</li> <li>- Text Removed - Reporting Tools were notified by the Text Removed - Human Resources deployed in OA</li> </ul>
Assessment	Operational team assesses that the case should be considered a Text Removed - Reporting Tools as a loss of a valuable technical surveillance equipment which will negatively influence the border surveillance activity.
Final outcome	<p>NOT PROCESSED:</p> <p>Considering the low value of the asset and taking into account that only one [redacted] currently deployed in the ROU was stolen, and that border surveillance activity was not interrupted by the loss of [redacted] in any way, the incident did not have any serious actual or potential negative implications on Frontex's tasks or activities, hence the case can be closed without processing a SIR.</p>
