"The Big Bang Theory" The Proposal Proposal (TV Episode 2017) - IMDb

Storyline

Following Ramona kissing him, Sheldon has flown to New Jersey to ask Amy to marry him in the realization that he wants Amy to be the only woman ever to kiss him. Before doing so, he believes he has asked the advice and permission from the appropriate person. What happens with the proposal may depend on how Sheldon acts around Amy's Princeton colleagues, who only know of her brilliance and not his idiosyncrasies. Meanwhile, Bernadette and Howard learn of another upcoming change to their personal situation. In trying to deal with the surprising turn of events, Bernadette and Howard look to Leonard and Penny not so much for advice but rather to ask them for a favor in dealing with the news a bit easier. And in light of Sheldon's marriage proposal, the two singletons, Raj and Stuart, continue to commiserate with each other. Their want to do so may change with a turn of fortunes. *Written by Huggo*

Crazy Credits

Chuck Lorre Vanity Card # 561: Ten years ago.....

Sheldon had no interest in romantic relationships of any kind. The only people he cared about were Professor Hawking, Mister Spock, and Doctor Doom.

Leonard was hopelessly in love with Penny, with the emphasis on hopeless.

Penny waited tables, and only dated big, handsome, dumb guys.

Wolowitz thought he was god's gift to women, when in fact he was more of a divine punishment.

Raj was so neurotic, he could not speak if there was a woman in the room. Unless he drank alcohol, at which point he would've been better off keeping his mouth shut.

And Amy and Bernadette were an answer to prayers we didn't know we had.

All of which makes you wonder about the next ten years.

Kidding.

That's what reunion shows are for. [See more »](#)
