[Axios_Hochstein.pdf](#); [KyivPost_Hochstein.pdf](#);

Liebe Kolleginnen und Kollegen,

das State Department hat heute Nachmittag (10.08) die Benennung von Amos Hochstein als Senior Advisor for Energy Security bestätigt. Er wird sich in dieser Funktion zunächst vor allem mit der Umsetzung der US-DEU gemeinsamen Erklärung vom 21. Juli befassen.

[REDACTED]

Ebenfalls anbei zgK ein vorab beim Onlinenachrichtendienst Axios erschienener Artikel (hier auch der Link: <https://www.axios.com/biden-nord-stream-russia-amos-hochstein-faff48ad-8d9d-4a35-a96a-b7e33a5e4d94.html>).

Senator Shaheen (D-NH) begrüßte die Benennung Hochsteins auf Twitter: *"@AmosHochstein's experience and expertise make him the right pick to oversee the Nord Stream II agreement implementation. The Biden administration must continue to address and minimize the energy security risks posed by this pipeline."*

Beste Grüße,

[REDACTED]

Antony J. Blinken, Secretary of State

I am appointing Amos Hochstein to serve as the Department's Senior Advisor for Energy Security, underscoring the Administration's commitment to promote energy security for the United States and our allies and partners. His immediate focus will be implementation of measures to reduce the risks posed by the Nord Stream 2 pipeline, as outlined in the July 21 Joint Statement of the United States and Germany on Support for Ukraine, European Energy Security, and our Climate Goals.

Senior Advisor Hochstein brings decades of experience to this role, having held senior positions in the State Department, academia, and the private sector. He is uniquely suited to support the development and implementation of an integrated U.S. strategy to strengthen global energy security, especially in Central and Eastern Europe. This appointment demonstrates the Administration's resolve to utilize energy diplomacy to ensure the security of supply during this critical time of energy transition, push back against the Kremlin's use of energy as a geopolitical weapon, and to advance a more secure and sustainable energy future for Ukraine and frontline NATO and EU countries.
